

FTR

Model 2

Product Specifications Sheet

Solar Powered Premium Golf Car

The FTR Model 2 combines solar charging, lithium battery power, and premium comfort to deliver longer run time, lower maintenance, and a ride customers instantly notice.

**POWERED BY PROGRESS.
PROVEN BY PERFORMANCE.**

SOLAR DRIVE CANOPY

370W solar roof generates power while you drive. Extends range and reduces charging.

PREMIUM RIDE & COMFORT

Diamond-stitched seating, aluminum wheels, and upgraded interior.

LITHIUM POWER SYSTEM

51.2V LiFePO4 battery delivers long life, fast charging, and reliable performance.

TOUCHSCREEN TECHNOLOGY

Integrated infotainment, diagnostics, Bluetooth, and system monitoring.
