

FIR

Model 4+2

Product Specifications Sheet

More Seats. More Reasons to Drive.

Built for lake days, golf weekends, resort properties, and everything in between, the Model 4+2 combines premium comfort and room for six passengers in one modern low-speed vehicle.

ELEVATED COMFORT

Diamond-stitched leather seating keeps every passenger comfortable from the first ride to the final stop.

PREMIUM CANOPY

Combine style with year-round utility: our colour-matched canopy offers a high-end aesthetic and total protection from sun and rain.

CONNECTED EXPERIENCE

Touchscreen controls, Bluetooth audio, and integrated diagnostics create a modern ride experience for every passenger onboard.

MADE TO SHARE

With seating for six, the Model 4+2 suits families, guests, communities, and group transportation around larger properties.
