

FTR

Model 2+2

Product Specifications Sheet

Luxury Unplugged. Performance Without Limits.

The Model 2+2 pairs refined comfort with purpose-built engineering—solar-assisted range, long-life lithium power, and components sourced and assembled in Canada. It's a premium experience that doesn't trade durability for design.

**POWERED BY PROGRESS.
PROVEN BY PERFORMANCE.**

PREMIUM SEATING

Front and rear-facing leather seats are both functional and comfortable.

POWER TO RUN ALL DAY

Our Solar Drive Roof system provides 370 watts back into your game.

ENTERTAINMENT FEATURES

Touchscreen display, dual front speakers, and bluetooth stereo system.

REAR SEAT PLATFORM

Accessed by folding down the rear seat. Comfort to convenience. Carry and store all your necessities.
